

# 50 YEARS

We are deeply grateful to be celebrating 50 years of helping children get a good night's sleep. We are humbled by the commitment of our long-established global volunteer community and the generous donors who propel our program.

Looking forward, Sleeping Children Around the World continues to evolve- now is our time to understand more, to learn, & to seek new solutions as we adapt to our changed reality. Onwards!

 **1,734,373** children have received a bedkit
